Science Workshop

Dear Parent/Guardian

Have you ever wondered what your son or daughter experiences when they come to Science?

What is a chemical reaction? How do you know it has happened?

The way that science is taught has changed a great deal over the last few years. We want parents to understand how we teach Science so you can support your child's education more fully.

Come along to Crofton Science Department to get a taste of what your son or daughter experiences when they are at school.

The sessions will be held on;

Tuesday 20th January 4.15pm—5.15pm - for year 8

Thursday 26th February 4.15pm— 5.15pm - for year 7

You are all welcome. To book your place please return the reply slip below to Mrs Tillotson in the Science department.

We look forward to seeing you all soon.

Crofton School
Science Department

Please return to Mrs Tillotson Science Department

I would like to attend the science workshop 22th January /26th February*
