Parent Guide for Crofton School

A Parent's Guide to Getting Started with “Edulink One”

All schools have their own way of working with Edulink One. It is customisable, meaning each school can tailor the product to meet their individual needs. The features covered in this guide are subject to the options your school chooses to use and should be viewed with this in mind. We request that users contact their school directly with any questions they may have.

There are two ways to use Edulink One: through a web browser like Google Chrome or through an app you can download to use on your mobile device. The Edulink One app is available for iOS and Android devices.

Note:

Some of the features in this guide may not be available at Crofton School at this time.

Web Browser Instructions

This is your school's individual login link if you use a browser to log in.

Start by going to <https://www9.edulinkone.com/#!/login?code=crofton> or if you are not using your school's direct link, visit <https://www.edulinkone.com/>.

After clicking the link this will take you straight to the Edulink One login page for your school.

If you do not have a direct link, you will need to enter your School ID or Postcode and press Next. Your School ID will have been sent to you by the school. If you forget your username or password, please contact the school.

The screenshot shows a login interface with a dark blue background. At the top left, there is a lightbulb icon. The form contains the following elements: a 'USERNAME' label above a text input field; a 'PASSWORD' label above a text input field; a checkbox labeled 'REMEMBER ME?' to the left of a 'RESET LOGIN' link; a large, rounded 'LOG IN' button; and a rounded 'DEMO' button at the bottom.

SCHOOL ID OR POSTCODE

NEXT

Enter your Username and Password that the school has sent to you.

If you have not received an email with your login details, please contact your school to resolve this issue.

Once you have filled in the username and password boxes with your login details, click LOG IN to get started.

Downloading and Using the App

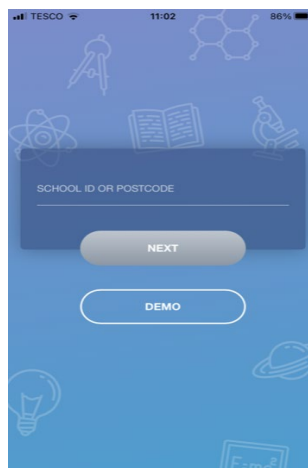

The Edulink One app is available for iOS and Android devices. You can download from these links or search in the App or Play stores.

Apple App Store

<https://itunes.apple.com/gb/app/edulink-one/id1188809029?mt=8&ign-mpt=uo%3D4>

Android Google Play

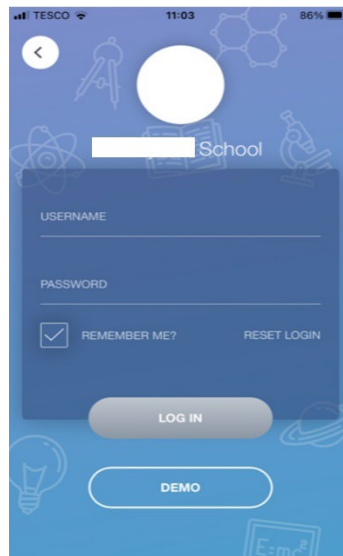

<https://play.google.com/store/apps/details?id=com.overnetdata.edulinkone&hl=en>

If you are using the mobile app you will see the screen to the left. You must input your School ID or Postcode and click the Next button to continue.

This is followed by the USERNAME and PASSWORD screen where you need to enter the login details your school has sent you.

Once you have filled in all three boxes with your login details, click LOG IN to get started.

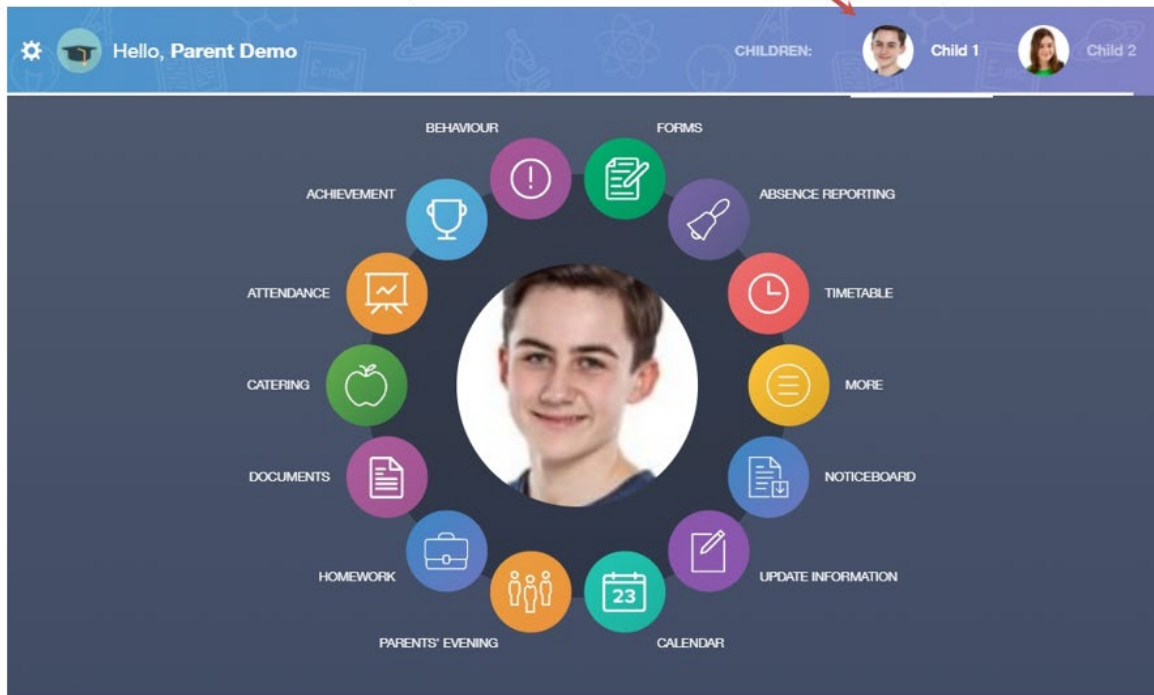

If you forget your username or password, please contact the school

Main Screen

Once logged in, you will see the main screen in Edulink One. The information held in your account relates to your child/children. You will be able to navigate through the different sections of Edulink One by clicking on the icons, e.g. to view your child's attendance, click the Attendance icon.

Please see an example of the main screen below. The options may vary between schools as not all schools use all Edulink One's functions.

If you have more than one student in school, it's easy to switch between each one. Just select which child you would like to view in the top right-hand corner. If you can't see all your children that attend the same school, please contact your school.

This bar shows you what **lesson** your child is currently in, along with the next lesson in their timetable.

The **messages** button will let you know if you have any unread messages from the school.

Behaviour

The **behaviour** button will give you access to view **behaviour records, detentions and lesson behaviour, which have been assigned to your child. Information on detentions and graphs on lesson behaviour are also shown.**

Behaviour Records Tab

This tab will show you detailed information about any behaviour incidents which have been logged on Edulink One by staff. As the example below shows, each behaviour incident that has been recorded will show you when the incident occurred and details about the incident such as the type, location and the action taken.

Update Information

This section shows you the contact information that the school has on record for yourself and your children.

Here you can review the contact information the school holds for you, but you will also be able to update this with any changes that may occur to this information. When updated information is submitted through Edulink One, this will be picked up by the designated personnel in school in charge of updating records. It will be checked by them and approved.

This side allows you to select whose details you want to check / change.

This side allows you to read and edit the current contact information for the selected person.

The exams section contains detailed information about upcoming exams that your child will be sitting.

It includes the Exam Timetable along with the exam name and location.
Your child also has access to this so they can keep track of upcoming

exams themselves.

Once the exam results are in, your school has the option to post them in the Exam Results tab. As the students own their results, the school may decide not to display them to parents and only the students.

Messages

The message button can be found in the bottom right of the screen. Here you can read messages that have been sent through to you from staff at the school. You can reply to messages here. You can also write and send messages to one or more teachers and your child's tutor. Most schools also send these to your registered email address.

In the example below, the received tab is where any messages sent to you from the school will be. You have the option to read and reply from here. The sent box will store messages you've sent through previously.

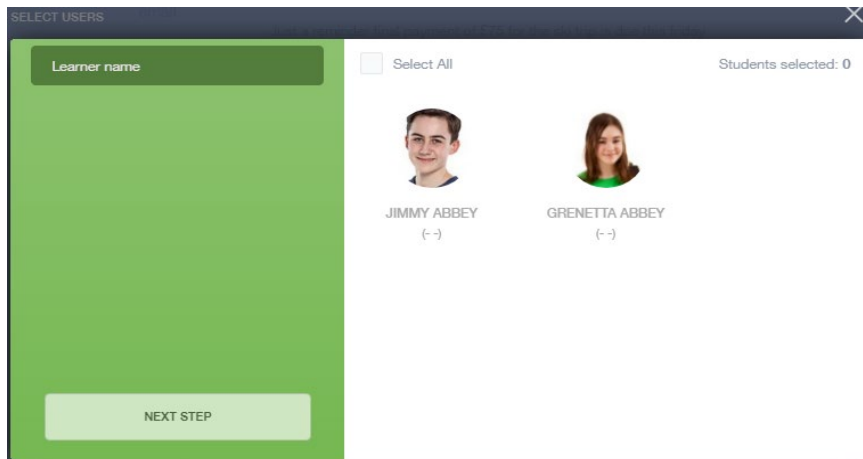

Sending a new message

To begin sending a new message you will need to click the green new message button.

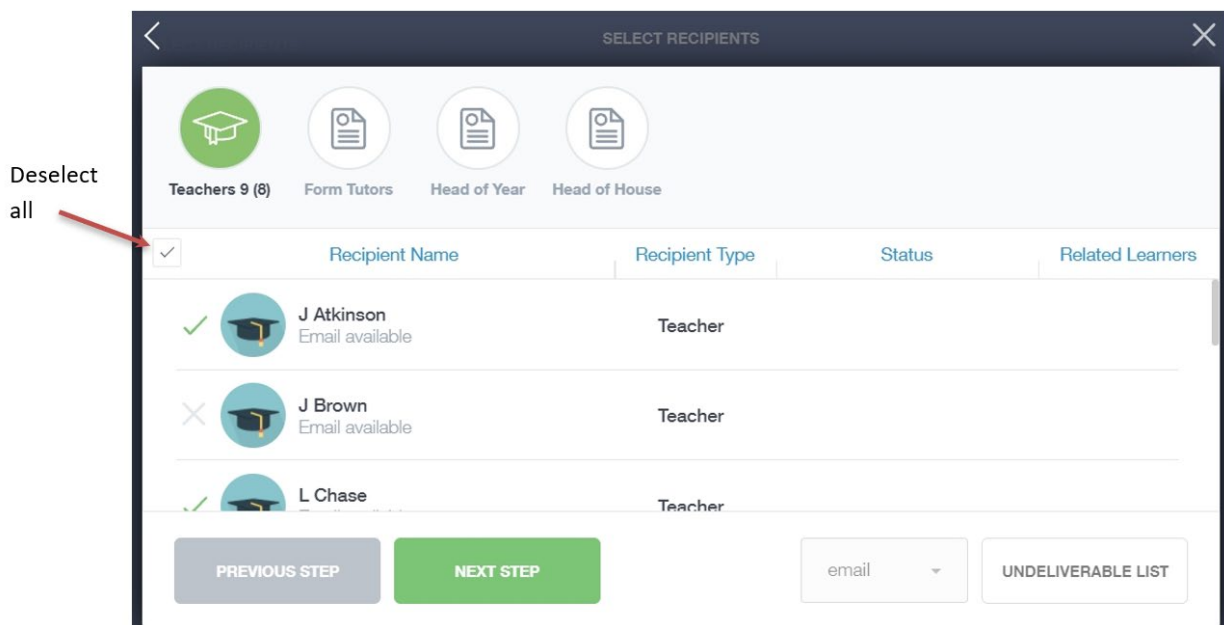

Next you will have to select your child/children. Once selected click the next step button.

Next, choose the person to send your message to. As you can see in the example below it is broken down into teachers, form tutors, Head of Year and Head of House (this may differ between schools). Depending on who you want to send to, you can pick from the relevant boxes.

The default option is to pre-select all teachers. You can see this below as each teacher has a green tick beside. This means if you send a message now, it would go to all the selected teachers. To deselect specific teachers, just click on the green tick or deselect all using the smaller black tick. Click Next when done.

Type your message subject and text. You can customise your text using the toolbar at the top and you can add attachments using the paperclip icon at the bottom of the window. When you are finished, click the Send button.

Homework

The homework section operates as a standalone homework system where teachers can set homework through Edulink One. Teachers have the ability to upload homework using Google Classroom if this has been enabled by their school. However, this is a visual of the homework only. Students can see what homework has been set when it is due and they can also mark it as completed.

The student and parent will see the homework in a list format; this can be organised by clicking on the headings.

Completed

Once the student has completed the homework assignment, they should click the **Completed** button to notify their teacher the work has been done. It is important to note that parents can only view set homework.

For work that is to be handed in, the teacher may ask for the work to be emailed or sent to a Teams or Google Classroom location or any shared drive solution the school may use.

Once the student has clicked completed, they will need to wait for the teacher to review the work.

If the teacher has an issue with the homework, then they will contact the student and mark the work as received but not completed as per below.

Please Note: Students can add their own homework using the Add Homework option. This will not be reviewed by the teacher but can be used to help students create a study plan, self-assessments, etc...

They would need to provide a title, subject and due date and some text of what this activity is about. This could be used to show teachers extra work completed.

Forms

You can fill out a form sent by the school in the Forms icon. Schools will send out forms for many reasons: school trips, meal selection, permission forms etc... The forms screen is created as a list, providing details about your child/children, the due date and whether you have completed the form or not.

You need to click on a form to fill it out.

Zoo Trip Yr 11

Year 11 trip to London Zoo

Year 11 students who do Geography GCSE will be going to London Zoo on the 1st April as part of their coursework research. There is no cost for the trip as this is being covered by the school but they may wish to bring money for souvenirs and lunch or alternatively they should bring a packed lunch. Students need to wear school uniform and be ready to leave at 8am from the bus bay at the front of the school. Students are expected to return at 6pm the same day.

Attendance

The attendance area lets you see which lessons your child/children has that day and whether they have been marked as present or absent. In the Attendance Today tab, you can see this for both statutory registration and lesson registration.

Below the statutory registration information is a list of the child's lessons for each period of the day.

Additionally, the school has the option to allow you to see data regarding lesson attendance for the academic year, as well as statutory month data and statutory academic year data. The data in these sections appear as pie charts like the example below.

Assessment

The assessment screen is customisable for every school, so most schools' assessments will not look the same. If you are struggling to understand the assessment data, it is best you contact your school so they can explain their assessment process.

You can see your child's/children's grades, targets, attitude to learning and other aspects that the school wants parents to see in Assessments.

Some schools colour code data to tell you if your child is working at the expected level. Many schools also provide a written explanation about the assessment, like what each effort grade means.

Also, you can view other assessments, including past assessments, and some schools may make KS2, KS3 or KS4 data available for parents to view.

Below is an example of what an assessment could look like in Edulink One.

Attainment Summary

The information below provides current data on the progress of your child in Attainment Summary. The table shows their KS2 attainment level as well as their Attainment grade and Effort grade for each term, the final column shows your child's current target level which is colour coded according to the below key.

If your child has not been joined to a club by a teacher (such as revision sessions), you can choose to unbook a club. If the teacher signed your child up, your child will need to attend the club and must ask the teacher to leave, e.g. exam is now over so your child no longer needs to attend the revision session. You would need to contact your school's teacher to leave a club the teacher has signed them up to.

Parents can also view a child's attendance at a club. This appears after the fact and not during the session of the club.
