

# Crofton School GCSE German Vocabulary Booklet

Name: \_\_\_\_\_

## **How to learn and revise vocabulary**

Learn vocabulary in sessions of about 10-15 minutes at a time, 3 or 4 days a week.

Aim to learn one topic a week. Each topic is sub-divided into sections; aim to learn one section during each learning session and carry out a review of the topic on the last day before your test.

You could highlight in different colours, for example put the words you already know in one colour and the words you need to work on in another colour.

All the topics from this booklet are on Quizlet. You could learn them from Quizlet first and ask a friend or family member to test you from this book.

You could make your own lists, mind-maps, booklets or posters of vocab.

You could make flashcards or index cards.

You should also aim to use this vocabulary booklet when you are writing essays. When you are planning your essay, look through the vocab lists and decide which words you are going to use.

Once you have learnt a topic, you need to keep going back to it and reviewing it. Do this after 7 days and again every 4 weeks. Keep a record of what you need to review and when. There is a page provided for this.

## Revision Schedule

Tick when learnt and write in the dates.

	First learnt	7-day review	4-week review	8-week review	12-week review	16-week review	20-week review	24-week review
Unit 1								
Unit 2								
Unit 3								
Unit 4								
Unit 5								
Unit 6								
Unit 7								
Unit 8								
Unit 9								
Unit 10								
Unit 11								
Unit 12								

## 1.1 G Meine Familie und Haustiere
